senior year. everything changes.

{ revolutionary portrait art }

elements of the {perfect} senior portrait

Great senior photos should bring out your best qualities. But they need to do more than that...you are not like everybody else - your photos should reflect that fact. We'll help you show the world who you are. Together we'll make art that gets you.

Consistency....

Awesome portrait art always includes smooth and beautifully creamy skin tones; relaxed naturally flattering poses; and knowing how to put you in the best light, whether using available daylight, or understanding the right ways to add light to match your mood.

Inconsistency....

Mode Senior Photos are always done on location - we'll scout out the right backdrops to create the individual look and mood that reflect your style....to us, great portrait art means no two are ever the same!

Sessions....

All of our sessions are based on a minimum purchase. We don't charge session fees - all of our senior sessions are FREE. When you reserve your session, you are not paying a "session fee"; consider it to be a credit on your account toward the prints and products you'll want once you see the amazing portrait art we've created together. You can buy as much as you like, in any quantity you like, as long as you meet or exceed the minimum purchase amount.

You'll see in the session descriptions below that we keep it simple for you :) Not a lot of decisions to agonize over - that's because we never charge for additional clothing changes, or to offer you a combination of black & white and color images. We love versatility - it's the approach that lets us create revolutionary portrait art!

Solo.....

Our 'basic' session is anything but basic! We'll meet you at the location you choose ~ urban, park, beach, or the middle of a field, if that's what reflects your style :) We'll spend up to two hours, having fun and creatively capturing you being you ~ amazing photos that show the world who you are. No limits on clothing changes or locations ~ we'll do as many as you can fit into the 2 hour session! Friends encouraged, pets and props are always welcome, too :)

\$350 minimum purchase

Group.....

A session for the type that wouldn't dream of making a memory without your bff's :)

Pretty much the same basic setup as the solo ~ we'll meet up with you & your friends wherever you like to hang out and have a great time getting individual shots of each of you, plus some fun group stuff, too...length of the session will depend on how many friends participate. Since we'll save a little time by combining sessions, we offer a discount with this one :)

each participant pays \$300 and will receive credit for \$350 in prints and products.
